

PAWS IN MOTION

working with Meals in Motion – a division of Family & Community Services

The Madonio Family Animal Welfare Trust has partnered with the Meals in Motion program to provide food for the dogs and cats of elderly residents who are served by the Meals in Motion of Portage County. The program is known as Paws in Motion, and operates in the same manner as the parent program. Many of the clients who receive meals from the program are forced to share their food with their pets since it's difficult for them to physically or financially make sure their animals are eating properly.

About once a month, the Madonio family members go on a pet food shopping spree and purchase \$500-600 worth of dog and cat food that is then distributed by the Meals in Motion delivery drivers. Thanks to this effort, we can be assured that these precious companions of the elderly are being well fed with nutritious food.
